Halstead's Tom Thumb

2006 GRADE Hackney Gelding Foaled

Sire was a Hackney Pony & Dam was Hackney Horse. Thomas stands about 50". He can be registered Pinto Saddle type pony with the white under the jaw markings. He would be an excellent size and have the motion for either a youth Saddleseat rider or driving. Intentions were to put Thomas on our Pinto showstring, but our interests have changed. Bought him from a local breeder that has his name well known in the Canadian/ US Hackney Horse industry. This Breeder is downsizing and Hackneys he offers for sale will be few. Do have all the information to register this pony with the Hackney Association if you choose. UTD worming/shots.
